## Interpon EC

Easy Clean 'Anti Graffiti' Powder Coating

**Interpon EasyClean(EC)** from Interpon Powder Coatings is an exterior durable powder coating that allows the simple and rapid removal of most forms of graffiti, reducing overall maintenance costs and ensuring the appearance of powder coated surfaces are maintained.

Surface damage caused by markers, spray paint and other forms of graffiti on **Interpon EC** coated items can be easily cleaned using common solvents without causing dullness or damage to the finished coating.

The increased toughness of the **Interpon EC** finished film also offers a high level of scratch and abrasion resistance making it an ideal coating for any article subject to graffiti damage.

**Interpon EC** is available in 2 stock colors, including a high gloss clear suitable for application over polyester colored base coats such as our **Interpon D1000** range. We are also able to custom match a wide range of colors with our 2 small batch services, **MiniB™** and **MiniB Micro**, available from as little as 20kg, capable of coating approximately 140m<sup>2</sup>.

**Interpon EC** is suitable for application on a wide range of applications including but not limited to:

- ▶ Public furniture including benches, council rubbish bins, street signage and post boxes
- ▶ Panels including telephone booths, tram and bus stops
- ▶ Public transport such as buses, trains and trams
- ▶ School and garden furniture
- ▶ Marker boards
- ▶ Roller shutter doors
- ▶ Automatic Teller Machines
- ▶ Lighting fixtures
- ▶ Fencing
- ▶ Domestic appliances.
