Full time position with an attractive package, based on knowledge and experience within the industry.

Overview

AMIA is a family owned Coffs Harbour company established 1984 and currently we employ 60+ on our Team.

We are seeking a "trades qualified" motivated person, with the ability to set goals and achieve results while maintaining a high level of quality in their work. We care about our Team and encourage you to apply if you are a likeminded person.

AMIA is changing... culture, people and nutritious attitudes lead the way in our growth.

Skills can be taught, though attitude is a choice. Attitudes reflect in the quality of the work we deliver and determines the experience our Team and Clients enjoy.

Are you inspired to learn and train in exciting R & D projects? Do you have the basic technical skills and most importantly, the right "attitude and care factor" to be part of our team?

Applicant must demonstrate the following:

- Positive energy with a professional and motivated work ethic
- High attention to detail, keen eye for error, and problem solving
- Proven planning, delegation and follow up
- Excellent numeracy and literacy skills
- Ability to read and fabricate off shop drawings and site measurements
- Adaptable and flexible approach to work
- Capacity to meet strict deadlines in a fast paced environment
- Ensure that deliveries are met, orders dispatched, on time, every time
- Excellent time management skills and the ability to prioritise tasks
- Skills to achieve performance budgets
- Ability to communicate with builders and customers in a professional manner
- Work autonomously in allowable times / budgets for labour
- Complete finished work to a very high standard level
- Understanding of construction and workshop drawings
- Ensure the Company's QA, WHS compliance and Regulatory requirements are maintained
- Ability to problem solve independently, with a high attention to detail and keen eye for error
- "We care attitude to our customers" to ensure they enjoy the experience with AMIA
- Basic computer skills
- Reliable and punctual

Education and Qualifications.

- Relevant Trade qualifications – if you are a Fitter and Machinist, CNC experience is an advantage
- National White Card and any other WHS certificates
- Understanding of the balustrading industry, engineering an advantage
- Current drivers licence

Experience Required.

- Extensive background in glass and aluminium with at least 5 years qualified trade experience
- Some on the job training will be offered specific to the AMIA profiles and systems available.
- MIG / TIG – AC/DC welding capability

Attractive package based on knowledge and experience within the industry.
