

# Interpon D Warranties

## The best in the business

When you have a reputation for producing world class products it makes sense to back them with industry leading warranties.

## Interpon Approved Applicators

Working in conjunction with our [Approved Applicators](#), Interpon consistently achieves the best possible performance from our architectural powder coatings range.

So confident are we in both the performance of our Interpon D range of architectural powder coatings and the capabilities of our Approved Applicators to work to the highest of standards, both local and international, that our minimum warranty is 10 years.

There are three levels of warranty:

### **Platinum 20 Year Global Warranty**

Our highest guarantee is available for Interpon D3000, our premium performance product.

### **Gold 15 Year Global Warranty**

Offered with the use of Interpon D2015 Ultriva™ on projects requiring ultra durable performance.

### **Bronze 10 Year Global Warranty**

Applies to Interpon D1000, our class leading product for residential projects.
